MIDWEST LIVESTOCK REVIEW and RANGE AND FEEDLOT SALES

Slaughter steers and heifers at the seven markets totaled 114,600 head for the largest volume since the last week in January but 14,100 head below a year ago. Slaughter steers sold steady to 50¢ lower except steady to 50¢ higher for average Choice to Prime grades at Sioux City and Chicago. Heifers and cows were steady to 25¢ higher. Barrows and gilts sold steady to 25¢ lower, instances 50¢ off. Sows were steady to 50¢ lower. Slaughter lambs sold mostly 25-50¢ higher.

SLAUGHTER CATTLE AND CALVES - Cattle marketings were rather moderate in the early part of the week but later picked up and the aggregate was the largest for any week since January. Price advances on slaughter steers in the early part of the week were more than erased except average Choice to Prime managed to hold strong even with the increased supply. Slaughter steers were steady to 50¢ lower except at Chicago and Sioux City, where the majority of steers grading average Choice to Prime were offered and these sold steady to 50¢ higher. Heifers were steady to 25¢ lower, except Chicago steady to 25¢ higher. Cows were steady to 25¢ higher; bulls and vealers steady to \$1.00 lower. The percentage of cows and feeders in the run not as large as the previous week. Slaughter steers and heifers grading Standard to average-Choice made up the big end of the run at most centers, however, there was an increase in the percentage high-Choice and Prime steers at Chicago.

Slaughter steers: After working lower for four weeks in a row the top on Prime at Chicago moved higher as a load of 1315# reached \$30.50. Other Prime steers at Chicago 1250-1350# \$29.50-30.25, mixed Choice and Prime 1150-1450# \$28.25-29.25 and Choice 950-1400# \$26.00-28.00. At other terminals loadlots of high-Choice and Prime were scarce, Choice bulked at \$25.00-27.50 except Sioux City where high-Choice and Prime brought \$26.75-29.00, Good \$21.50-25.00.

Slaughter heifers: High-Choice and Prime \$26.50-27.50, bulk Choice \$24.25-26.50, Good \$21.50-24.25.

Slaughter cows: Most Utility and Commercial \$14.50-17.00, Canner and Cutter \$12.50-15.00.

FEEDER CATTLE AND CALVES - Receipts of feeder cattle and calves at mid-west terminal markets were somewhat smaller than the seasonally moderate numbers marketed either the previous week or a year ago. Along with moderated marketings was some deterioration in over-all quality. Good and Choice grades predominated but there were fewer in the upper half of the Choice grade as well as a decrease in shipments of mixed Choice and Fancy offerings. At the same time an increased percent of supplies

consisted of Medium and mixed Medium and Good kinds. With the grass season now well under way and much of the urgency gone in the springtime demand for cattle with which to fill pastures trading at best was only fairly active. However, smaller supplies proved a supporting factor and prices at mid-west terminals generally held to a steady to weak basis for all classes.

Feeder steers: Good and Choice 800-1050# largely \$22.00-25.00, few Choice 800-875# \$25.25-25.50. Not many over 950# exceeded \$24.50 and at Omaha Choice fleshy 1000# went at \$24.00. Medium and mixed Medium and Good 800-1025# \$18.50-22.00. Few loads Choice and mixed Choice and Fancy 550-650# \$28.25-28.50, one load 514# \$31.00. Bulk Good and Choice 550-750# \$23.00-28.00; Medium and mixed Medium and Good 550-750# \$18.50-23.50.

Feeder heifers: Good and Choice 525-700# chiefly \$21.50-26.00, not many over 600# above \$25.00. One load Choice 551# reached \$26.10 but loadlots of mixed Choice and Fancy grades virtually absent.

Feeder calves: Three loads Choice 375-450# steers \$32.00 and part load Choice, thin, 350# \$33.00. Other Good and Choice 350-550# ranged \$24.00-30.50. Load Choice and Fancy 342# heifers \$30.00; other Good and Choice 350-500# heifers \$22.50-28.00.

HOGS - Terminal markets - Receipts at the twelve markets totaled 338,000 head, 7,000 fewer than a week ago and 15,000 head under a year ago. The 12 markets plus Interior Iowa numbered 651,000 head compared 615,000 last week and 653,000 a year ago. A higher dressed pork trade partially off-set the bearishness of increased marketings, and as a result, downturns were held to rather modest proportions. Barrows and gilts sold steady to 25¢ lower for the most part, although extremes in Omaha were 50¢ off, and some 180-230# at St. Louis were 10-15¢ higher. Sow prices ranged steady to 50¢ lower, the majority of sales at the close showing a 25¢ downturn. Sows made up between 6 and 13 percent of the receipts, many of the centers showing an increase.

Barrows and gilts: At the close, U. S. 1-2, 190-240# sold \$15.75-16.50, few \$16.65-16.75 at Indianapolis. The extreme top for the week was claimed by Chicago at \$17.00. Closing sales No. 1-3, 190-250# largely \$15.50-16.00, few \$16.25-16.35 at Chicago and Indianapolis, and some down to \$15.25 at Kansas City.

Sows: U. S. 1-3, 270-400# \$13.25-14.50, 400-600# \$12.00-13.75.

A late advance in feeder pig prices at St. Paul that measured from strong to 50¢, placed Choice 120-160# at \$15.00-15.50, while Sioux City was steady at \$14.50-15.00 on Choice 140-170#.

Average cut-out value advantage of U. S.

No. 1 over No. 3 live basis 200-220# barrows and gilts was 83¢ per cwt. based on wholesale carlot prices of fresh pork cuts at Chicago, May 3 to May 9, 1962, inclusive.

Hogs - Interior Iowa-Southern Minnesota area receipts totaled 313,000 head, compared with 270,000 last week and 300,000 a year ago. Most of the run was comprised of U. S. 1-3 200-250# barrows and gilts, while sows made up fully 8 percent of total receipts. Compared with last week's close, late sales were 25-40¢ lower on barrows and gilts; sows 40-50¢ lower.

Barrows and gilts: On Friday, U. S. 1-3, 200-230# sold at \$14.75-15.40, most U. S. 1-2, \$15.25-15.65.

Sows: Most U. S. 1-3, 270-400# \$13.00-14.00; No. 2-3 400-550# \$11.50-13.00.

Hogs - Interior Illinois - Receipts totaled 116,900 compared 93,400 last week and 78,600 a year ago. Demand fair throughout week, barrows and gilts steady to 10¢ higher. Sows closed mostly 25¢ lower.

Barrows and gilts: On Friday, U. S. 1-3, 190-240# \$15.00-15.75, generally \$15.25-15.65. Some 200-230# \$15.85-16.00. Around 20 head sorted No. 1 \$16.25. No. 1-3 230-250# \$14.75-15.25.

Sows: U. S. 1-3 250-350# \$13.00-14.00, few \$14.25-14.75. No. 1-3 350-400# \$12.50-13.00, No. 2-3 400-500# \$12.00-13.00.

SHEEP AND LAMBS - Receipts at the major terminals totaled 99,000 head, compared with 81,000 last week and 112,000 a year ago. Old-crop slaughter lambs comprised bulk of receipts and were mainly shorn lambs. Spring lamb numbers continued to increase ranging up to 50 percent at Fort Worth. Substantial price advances in the dressed lamb market more than off-set any bearishness that might have resulted from the increase in receipts. Compared with previous Friday old-crop slaughter lambs were steady to 50¢ higher, some \$1.00 higher at Omaha and St. Paul, but steady to 50¢ lower at Fort Worth and Indianapolis. Spring slaughter lambs sold 50¢-\$1.00 higher. Slaughter ewes were steady to 50¢ lower, but steady to 50¢ higher at Kansas City and St. Joseph. Feeder lambs sold mainly steady.

Old-crop slaughter lambs: Shorn - Choice with few Prime 85-106# No. 1-3 pelts \$16.50-18.00 and few loads No. 1 pelts \$18.00-18.50. Good and Choice 80-115# No. 1-3 pelts \$15.00-17.00. Woolled - Choice with few Prime 90-119# \$17.00-18.50, part deck Choice and Prime 98# \$18.75. Limited volume Good to Choice \$15.00-17.00.

Spring slaughter lambs: Choice and Prime 75-112# \$19.50-21.50, Good and Choice 70-108# \$18.00-20.00.

Slaughter ewes: Cull to Good shorn \$3.00-5.75, few to \$7.10; woolled \$4.00-6.00, few \$8.00.

Feeder lambs: Choice and Fancy 63-81# spring lambs \$17.60-18.75 at Denver. Good and

Choice 65-75# at Fort Worth \$14.00-15.50, few lots 60# \$10.00-13.00. Good to Fancy 69-80# woolled old-crop \$13.00-16.00. Good to Fancy 75-90# shorn No. 1-3 pelts \$11.00-14.00.

Sheep and lamb receipts in the Interior-Iowa-Southern Minnesota area numbered 10,900 head, compared with 8,100 a week earlier. Sharply higher dressed lamb prices combined with rather limited slaughter lamb marketings prompted good demand on the live trade and compared with the previous week's close, woolled old-crop slaughter lambs were 25-50¢ higher, shorn lambs fully 50¢ higher, slaughter ewes steady. The spring slaughter lamb volume was insufficient to provide an adequate price test. Shorn slaughter lambs comprised fully 75 percent of the lamb supply.

Old-crop slaughter lambs: Shorn - Choice 80-110# No. 1-2 pelts delivered to packing plants \$17.00-17.50 late and limited showing high-yielding \$17.75-18.00; 110-120# \$16.00-17.25. Choice 80-110# No. 2-3 pelts \$16.00-17.25. Good and low-Choice 80-110# No. 1-3 pelts \$15.00-16.50. Woolled, Choice 80-110# \$17.00-17.75, 110-125# \$16.00-17.25. Good and low-Choice 80-110# \$15.50-16.75.

Spring slaughter lambs: Choice and Prime 80-105# \$19.50-20.50, few Prime 80-100# \$21.00.

Slaughter ewes: Cull to Good shorn \$2.50-4.50.

COLORADO, SOUTHERN WYOMING, WESTERN KANSAS AND WESTERN NEBRASKA - Trading direct at feedlots on slaughter steers and heifers was uneven. Demand was fairly broad for both classes early in the period in line with an early advance on carcass steer and heifer beef. Trend in the dressed trade reversed itself after Monday, however, with the early advance more than erased. Slaughter steers sold steady fore part of the week, but late sales 25-50¢ lower on limited volume. Slaughter heifers were also steady early, but late sales steady to 25¢ lower.

Slaughter steers: Colorado, few loads Choice and Prime 1100-1250# \$27.00 early; 1,300 head average to high-Choice 1025-1275# \$26.00-26.75, closing sales \$26.25 down. 750 head high-Good to mostly Choice 1050-1225# \$25.50-26.25 late sales \$25.75 down; 200 mixed Good and Choice \$24.50-25.25. Nebraska and Kansas, 350 head, mostly Choice 1075-1190# \$25.00-25.60.

Slaughter heifers: Colorado, 1,500 average to high-Choice 900-1075# \$25.50-26.00, 1,000 high-Good to mostly Choice 850-1000# \$24.75-25.50; 200 Good and Choice \$24.00-24.75.

Feeders: Trading moderately active at steady prices. 800 Choice 800-850# steers for June delivery \$23.00-23.25; 300 Choice and Fancy 625-670# steers \$26.00-27.00 immediate delivery; 550 Choice 590-675# heifers \$24.00-24.75 immediate to June 15 delivery.

Sheep and lambs: Trading on old-crop slaughter lambs active, prices 50¢ higher. Mostly Choice shorn slaughter lambs 100-110#, No. 2 and 3 pelts, \$17.50-18.00; two loads 115# \$17.25.

WHOLESALE MEAT TRADE REVIEWS

LESS THAN CARLOT MEAT TRADE REVIEW

EASTERN SEABOARD - Steer beef along the east coast sold steady to \$1.00 higher, except at Washington where prices were steady to \$1.00 lower. Cow beef sold 50¢ lower in New York, steady to 50¢ higher at Baltimore and steady at other points. Calf was fully \$1.00 higher at New York and veal weak to \$1.00 lower. Veal prices at other markets were steady to strong. Lamb ranged from strong to \$4.00 higher on both old crop and spring lamb and at New York advances amounted to \$2.00-4.00. Pork loins steady to \$3.50 higher; other pork cuts steady, except some fresh skinned hams at Baltimore were \$1.00 lower.

Choice and Prime kosher steer forequarters sold \$.50-2.00 lower while the trend for lamb was \$1.00-2.00 higher. Veal prices were \$2.00-4.00 lower, kosher calf foresaddles \$1.00 off.

Supplies of most classes were normal but the lamb volume at Washington was above normal. Clearance was generally complete for all meats at the several markets. Trading in general was fairly active following slow start as demand broadened and outlet improved for meats after Tuesday. Beef movement was mostly good under fairly broad demand for carcasses and most cuts. Chucks sold slow. Veal and calf turnover was only fair while at New York calf met broad demand and cleared promptly. Demand for lamb was good with early clearance in most areas. Pork loins opened slow, but were very active thereafter with chain buyers most aggressive.

CHICAGO - Steer and heifer beef at Chicago sold steady to 50¢ higher, veal steady, lamb \$1.50-2.00 higher, pork loins 8-16# \$2.50-3.50 higher, Boston butts 4-8# 50¢ higher and spare-ribs 3# down steady.

Beef and fresh pork appeared in normal volume while veal and lamb offerings were only moderate. Good and Choice represented the bulk of beef supply and lamb carcasses were mostly 55-65# averages. Lamb supply was small.

Carcass beef trade opened moderately active but slowed as the week progressed. Good demand prevailed for beef loins on each session. Outlets were adequate for chucks, rounds and ribs through Wednesday but narrowed. Rounds and ribs followed a lower trend. Veal trade mostly moderately active, best action after midweek. Fair demand along with sharply higher replacements and below normal supply pushed lamb prices to their highest level in a month. Most primal cuts moved at a fair pace, legs rather difficult to sell in some quarters. A slow early fresh pork trade turned fairly

active, loins working to their highest point since March 19th.

PACIFIC COAST - Carcass steer and heifer beef in California was active, steady to \$1.00 higher with the most advance in the San Francisco area but in the Pacific Northwest was steady to 50¢ lower. Cow and bull beef held about steady in the Portland-Seattle area but was slow, steady to \$1.00 lower in California. Calf sold moderately active, steady to strong in Los Angeles, but was only fairly active, steady to weak elsewhere. Spring lamb trading was active under a broad demand at \$1.00-4.00 higher levels in California with the greatest advance in Northern California. Old crop lamb sold \$1.00-1.50 higher and spring lamb mainly steady in the Pacific Northwest. Fresh and cured pork was slow, steady to \$1.00 higher in Los Angeles, steady to \$1.00 lower in other areas.

Supplies of all classes were about normal except Choice steer and spring lamb below normal.

CARLOT MEAT TRADE REVIEW

CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA - Supplies of steer and heifer beef were fully to slightly above normal. Demand was only moderate. Trading on steer beef was rather slow at shipping centers but moderately active on heifer and cow beef. Some early advance on Choice steer beef was erased in the later trade. At New York steer beef was steady to 50¢ higher. Elsewhere Good and Choice steer and heifer beef was steady to 50¢ lower but Good steer beef at Omaha was steady to 50¢ higher. At Chicago Utility and Commercial cow beef was steady to 25¢ higher and Canner and Cutter 25¢ lower. At Philadelphia cow beef was 50¢-\$1.00 higher and at Omaha strong to 25¢ higher. Clearance was generally good on beef classes.

Demand was good for carcass lamb and normal supplies sold in an active trade with prices from \$1.00-3.00 higher. Clearance was good.

Demand was fairly good for normal supplies of pork products and loins sold from \$2.50-3.00 higher, pork butts were \$1.00-1.50 higher and fresh hams mostly steady. Pork carcasses at New York and Chicago sold steady to 75¢ higher. Clearance was generally complete at shipping centers.

THE LIVESTOCK AND MEAT SITUATION

Approved by the Outlook and Situation Board, May 1, 1962

SUMMARY

Cattle prices, which are now near their high for the year, likely will decline gradually the next two months but are not expected to break as sharply as they did a year ago. Hog prices probably will show some improvement starting in late May, and are expected to work closer to year-earlier levels by the first of July. The spring lamb marketing season will be in full swing by mid-May with prices significantly above last year.

Prices of all livestock are expected to decline seasonally the last half of this year. Lamb prices likely will continue above last year's prices throughout the remainder of the year; hog prices are expected to hold near last year's level through the summer but will drop somewhat below year-earlier prices in the fall; and beef cattle prices probably will drop below year-earlier levels at the peak of the fall marketing season in October and November.

Red meat production in the first quarter of 1962 exceeded last year's first quarter output by 4 percent. Pork production was up 5 percent; beef production was up 3 percent; lamb and mutton production was equal to last year; but veal production was down 4 percent. Domestic meat production was supplemented by larger imports of meat during the first quarter of this year compared with a year ago. The increase in imports was mainly in processing beef and mutton.

Cold storage holdings of meats at the end of the quarter were up somewhat from a year ago. However, the bulk of the increased production and imports went into domestic consumption, resulting in an increase in per capita consumption of meat over a year ago.

Per capita supply of red meat was 4 percent above last year for the quarter. Choice steers at Chicago averaged about 2 percent higher, slaughter barrows and gilts averaged about 6 percent below last year, and old crop lambs averaged about 3 percent under the first quarter of 1961.

Beef production during the second quarter of this year is expected to be about equal to first quarter production but down about 4 percent from a year ago. Pork production will decrease seasonally from April through June but will remain above a year ago. On the other hand, lamb and mutton production will not only be down seasonally from the first quarter but will be down sharply from the high level of production maintained during the second quarter last year.
